

# My First Semester

By: Damian Sclafani

# Where I'm From

- Originally from Ohio
- Moved to Lake Wylie, SC the summer of 2017. Right before my freshman year of high school

## Why I came to UofSC

I came to this university because it seemed like a great generalist university and had a good computing program. Along with that, the university is not too far from home but not too close either.

The transition was not too bad at all and everyone was very welcoming.

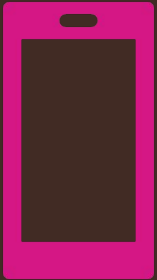

# Favorite Memories of this Semester

My favorite memory of this semester was getting to meet a bunch of new people.

Getting to know a bunch of new people got me to get familiar with the university.

# Academic Success Strategies
