## Technical Skills:

- Java, C++, Git, Linux, SCRUM, Mendix, Kotlin, Unity, Prolog, Haskell, JavaScript, CSS, HTML

## Education:

University of South Carolina; Columbia, SC  
Bachelor of Science in Computer Science; May 2025  
LIFE Scholarship

## Experience:

### Clark Construction Group LLC, McLean, VA

IT Intern, Applications Team, summers, May 2023-August 2024

Spent two summers as an intern in the IT Department for Clark Construction, a national commercial general contracting company with \$6 billion in annual revenue and approximately 4500 employees. Worked with Clark's IT team to develop business applications on the Mendix system that on-site and office employees can use.

- Set SMART goals such as completing projects timely and effectively
- Developed multiple applications for the company that Clark still uses
- Analyzed and collected data from company IT contracts that the IT department uses daily
- Toured numerous job sites to experience more of the company

### Java Camp Application – Classroom Project

August 2022-December 2022

- Worked in a team of 4 collaboratively on a large-scale project using Git
- Created a UML diagram that was used in making the software
- Elicited requirements from a faux client
- Made unit tests utilizing J-Unit
- Participated in SCRUM meetings

### Attendance Monitor Program, Columbia, SC

Attendance Monitor, Fall and Spring Semesters, January 2023-Present

- Checking on classes throughout the day to confirm that specific athletes attended those classes
- Inputting all data gathered into a system used by the university
- Reporting my time on duty as an attendance monitor
- Alerting the university on any anomalies or abnormalities seen across data

### Papa Docs, Lake Wylie, SC

Dock Hand, summers, 04/2019-8/2022

- Assisted customers in parking their boats and made them feel welcome
- Monitored the docks and keep them properly maintained
- Trained newly hired dock hands frequently
- Multitasked with docking boats while also assisting the servers in delivering food to the customers

### FIRST Robotics, Clover, SC

*Vice President*, August 2020-May 2021 - Member, August 2017-May 2020

- Trained members on how to use tools properly
- Collected sponsors for the team in order to raise funding
- Designed a Chairman's Award presentation going over everything our team has done for the FIRST community and was a part of presenting this
- Conducted numerous acts of community service and fundraising events such as delivering cards to the elderly living in the Carolina Gardens and hosting a clothing drive to collect over 400 clothing items to give to a homeless community
